NEED EVENT SPACE?

The Marcell Family Center offers an ideal venue for events, conferences, and meetings.

The Center is 15,000 sq. ft. with a food preparation/meeting room, gymnasium, and large event room. Contact the Center directly at 218-832-3444 for rates and scheduling information.

The Edge of the Wilderness Area stirs the soul with its hundreds of clear lakes, vast shorelines, and hills blanketed in hardwood forests and northern pines located in the Chippewa National Forest.

The Edge offers some of Minnesota's most popular activities like canoeing, boating, birding, wildlife viewing, hiking, biking, snowmobiling, cross-country skiing, and horseback riding.

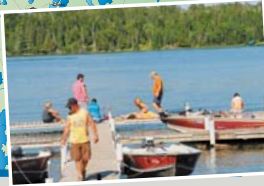

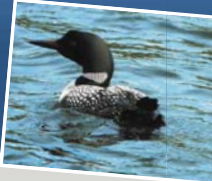

The fishing is fantastic for lunger walleye, muskie, northern pike, crappie, bass, and pan fish. Wildlife thrives here; you may encounter deer, wolves, moose, fox, bears, bobcats, beaver, and raccoons. Bald eagles can be seen flying overhead and the mournful call of the loon is one of the most memorable parts of many visitors' vacations.

Shopping opportunities abound in the Edge of the Wilderness Area with a variety of shops awaiting your exploration. From

quaint little gift boutiques and antique shops to sporting goods stores and outfitters, you'll find something for everyone here.

Local restaurants serve a delicious array of traditional Northwoods cuisine. After a day of fun, relaxation, or adventure nothing compares with dining on fresh walleye or a perfectly cooked steak accompanied by your favorite beverage. In the evenings, relax while taking in an awe inspiring view of one of our many beautiful lakes.

We invite you to come experience our Northwoods hospitality and leave the stress of everyday life behind. Call one of the resorts, motels, or campgrounds listed at the right or visit any of the listed websites.

The **Edge of the Wilderness National Scenic Byway** is a 47-mile winding drive from Grand Rapids, MN to Effie, MN. Each year visitors enjoy the byway's numerous recreational, historical, cultural, scenic, and interpretive opportunities set against a gorgeous Northwoods backdrop of rolling hills, clear lakes, lush evergreens, and a variety of hardwoods.

This breathtaking route is rich with opportunities to explore and learn. There are 14 designated sites (see map at left) that provide insight to the rich culture and history of the area, interpret a landmark or unique natural feature, or provide direction to one of the many recreation areas or communities found along the way.

Awarded the prestigious status of National Scenic Byway in 1996, the Edge of the Wilderness National Scenic Byway is one of the first 20 National Scenic Byways designated in the United States. The qualities of this outstanding route make it a "must" to see and experience when traveling in Northern Minnesota.
